

MEMORANDUM OF UNDERSTANDING BETWEEN

MISSOURI RIVER MEDICAL CENTER (MRMC)

AND

CHOUTEAU COUNTY PUBLIC HEALTH DEPARTMENT

It is hereby agreed that:

1. MRMC will provide, if necessary and as available, proper storage for vaccine, medications, and/or equipment for the Health Department.
2. In the event of an emergency, if MRMC has extra staff available, the Health Department may utilize this staff to assist in managing the event.
 - a) Hospital staff will be instructed on where to report for duty. The staff will be expected to follow:
 - 1) The Public Health Emergency Policy and Procedure staff guidelines. A copy will be provided to each staff member.
 - 2) The standards of care and scope of practice for their respective profession. However it is realized that in a disaster certain privileges or duties may be expanded or special authority granted.
 - b) Reimbursement to the staff will be contingent on state or federal reimbursement.

MEMORANDUM OF UNDERSTANDING BETWEEN

MISSOURI RIVER MEDICAL CENTER (MRMC)

AND

CHOUTEAU COUNTY PUBLIC HEALTH DEPARTMENT

It is hereby agreed that:

1. MRMC will provide, if necessary and as available, lab services (e.g. supplies, collection of specimens, testing, packaging, transport) for the Health Department.

2. In the event of an emergency, if MRMC has extra staff available, the Health Department may utilize this staff to assist in on site collecting of specimens.
 - a) Lab staff will be instructed on where to report for duty. The staff will be expected to follow:
 - 1) The Public Health Emergency Policy and Procedure staff guidelines. A copy will be provided to each staff member.
 - 2) The standards of care and scope of practice for their respective profession. However it is realized that in a disaster certain privileges or duties may be expanded or special authority granted.
 - b) Reimbursement to the staff will be contingent on state or federal reimbursement.

MEMORANDUM OF UNDERSTANDING BETWEEN
And the Chouteau County Health Department

This document constitutes an agreement between Missouri River Medical Center (MRMC)/Benton Medical Center (BMC) and the Chouteau County Health Department (CCHD).

Background:

If an event, either natural or man-made, occurs in Chouteau County the following guidelines may be activated. If the event requires mass prophylaxis/immunization or isolation and quarantine, Missouri River Medical Center/Benton Medical Center agrees to assist in the disposal of waste management. This includes but is not limited to: all protective clothing worn by specimen collector and/or infected individual (gloves, mask, gowns etc.) and all specimen collection materials (sharps, sharps containers, biohazard material) which must be placed in red biohazard bags and autoclaved or incinerated prior to disposal. Also, MRMC/BMC agrees to provide laundry services should we need to isolate and quarantine.

The Chouteau County Health Department would notify MRMC/BMC of the need at outbreak of the event or any time throughout the event when assistance is warranted.

Purpose:

To provide biohazard waste disposal and laundry services during and emergency or event.

Responsibilities:

A. Chouteau County Health Department

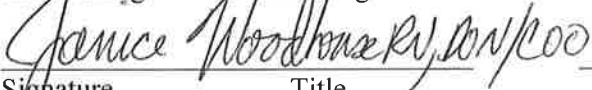

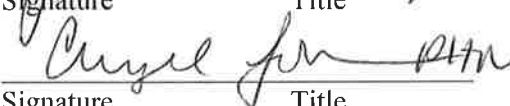

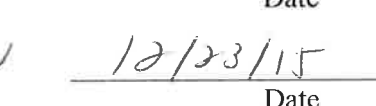

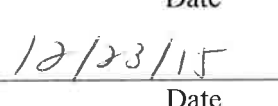

1. Responsible to notify MRMC/BMC of the situation and need for assistance.
2. MRMC/BMC staff will be briefed on appropriate waste management, laundering protocol, and duties required.
3. Will provide emergency contact number to call for information.
4. Will provide logistical information as to supplies, personnel needed, and transportation of supplies to and from sites.

B. MRMC/BMC

1. Will provide 24/7 contact numbers to CCHD in case of an event.
2. Will provide staff, as able to respond to need when requested.
3. Staff will report to CEO or DON who in turn will report to IC or Health Officer.
4. Staff will function under the current EOP, which contains the CC Emergency Preparedness Response Plan.

Compensation:

It is understood that if such an event occurred that would require activation of this agreement, a disaster situation would have been declared at least within the local jurisdiction and/or the state, thus making costs incurred eligible for reimbursement from state and/or federal resources.
