

GREATER VALLEY  
HEALTH CENTER

Dear Parent or Guardian:

Greater Valley Health Center's Dr. Kim Currie and Dental Team will be performing oral health screenings for all First Grade students at Edgerton Elementary School on March 14, 2023.

The screenings will be a visual inspection only. No dental films will be taken; however, these screenings will help keep you up to date on the condition of your child's oral health. At the completion of the screening your child will be given a form that will identify the following needs:

- 1) No obvious dental treatment is needed, or
- 2) Early dental care may be needed, or
- 3) Dental problems were noted that require immediate attention.

Please inform your child's teacher if you prefer **NOT** to have your child screened.

Sincerely,

Kimberly Currie, DDS  
Dental Director
